

EMS Medical Props by Candi Modz

These Props are replacement and have been tested in Fivem and Single Player. You will need an object spawner to spawn the objects in, and then attach to the player, you can save the placement for later use for easy equip.

You can also use a comparable script that will allow you to spawn and use these props in various scenarios.

Although the files are locked you can edit the textures use texture edit tool. All of the textures are embedded some do also require an accompanying ytd

Contents

- Stretcher (low poly stretcher) >> [prop_ld_binbag_01](#)

I know you want a stryker but is just too high poly for a prop.

Note: this replaces the garbage bag

- Stairchair Stryker Pro [prop_ld_binbag_03](#) or [prop_med_bag_01.ydr](#)

Folded Version [prop_ld_binbag_04](#) or [prop_med_bag_01b.ydr](#)

[rename these two files to a comparable replacement, a short list is below]

LifePack15 >> [prop_ld_case_01](#)

ALS Paramedic Bag >> Spawn Name: [prop_cs_shopping_bag](#)

BLS Trauma Bag >> Spawn Name: **p_id_heist_bag_01**

This is the heist bag from SP DLC Mission

<https://forum.cfx.re/t/release-standalone-fully-working-stretcher-for-ems-easy-to-add-to-other-frameworks/761564/77>

You must edit the coords for the new stretcher I have spoken with the author to include the new files in the mod this may take time to happen.
