

IMPROVED TRAILER PACK

This mod improves most of the original semi-trailers models in the game by giving them new wheels and adding a license plate in the back to some of them. All commercial trailers have been remapped to accommodate new liveries. An additional non-refrigerated regular box trailer is also included.

Please note that the trailers added in later GTA Online updates are not affected by this mod.

REQUIREMENTS:

- Gameconfig by Dilapidated:

INSTRUCTIONS:

- Run OpenIV, click on “Edit Mode” and make sure you have installed one of the modified *gameconfig.xml* listed above in case you do not have any previously installed. This way your game will be able to handle add-on vehicles properly and it will not crash during loading;
- Run the *improvedtrailers* OIV package installer to automatically install the mod archive and register the *.meta* changes to the base game files and wait until the process is done;
- After following these steps, launch the game and enjoy.

CHANGELOG:

- 1.0 – Initial release
