

IMPROVED DILETTANTE

This mod changes the Dilettante to have a colorable interior, Karin badge on its steering wheel and wobbling roof antenna. There are also stickers on the rear part of the vehicle, serving as tuning liveries, thus they will not appear naturally in traffics. The tuning ID used for the vehicle is **787**.

REQUIREMENTS:

- **Packfile Limit Adjuster by Unknown Modder:**
<https://www.gta5-mods.com/tools/packfile-limit-adjuster>
- **HeapAdjuster by Dilapidated**
<https://www.gta5-mods.com/tools/heapadjuster>

INSTRUCTIONS:

- **Run OpenIV, click on “Edit Mode” and make sure you have installed one of the modified *gameconfig.xml* listed above in case you do not have any previously installed. This way your game will be able to handle add-on vehicles properly and it will not crash during loading;**
- **Run the *improveddilettante* OIV package installer to automatically install the mod archive and register the *.meta* changes to the base game files and wait until the process is done;**
- **After following these steps, launch the game and enjoy.**

CHANGELOG:

- **1.0** – Initial release
- **1.1** – Remade the whole vehicle with the same changes as the first version
- **1.2** – Fixed issues with the lights

CREDITS:

- **Rockstar Games** – Original model
- **TheF3nt0n** – Model edits
- **austen64** – Quality of Life Improvements Dilettante
- **AlexanderLB** and **Vx5 Voltage** – Textures
- **ukeyS** – Screenshots

DISCLAIMER:

Do not exploit the contents of this modification for commercial, monetary or personal gain. Technical assistance for FiveM or RageMP, support for tampered files included in this modification by the end user or ELS and DLS compatible versions will not be provided. This modification is intended for single-player use, although its utilization on any alternative online platform should be allowed as long as permissions are requested and full credits given. A FiveM-ready version may be provided and made available on Tebex for some modifications.
