# INVENTORY SYSTEM

Everything you need to know about the inventory system

## FEATURES

FiveM Style inventory with built in weight management, Item degrading and the ability to craft items. This has support to be used with Keyboard and controller.

## HOW TO USE

- You can press **I** on keyboard or Hold **LB/L1** on console and press **Left Dpad** to open the inventory.
- You can press **Enter** on keyboard or **X/A** on console to use an item.
- You can press **Delete** on keyboard or **Y/ Triangle** on console to delete an item (Holding the button will delete the whole stack)
- You can press **Backspace** on Keyboard or **B/Circle** on console to exit.
- You can press **C** on Keyboard or Click **Right Thumbstick** on console to select an item to move its position, You then can click **C** or **Right Thumbstick** on another item to swap their position or craft.
- You can press **T** on Keyboard or **X/Circle** on console to swap Tab (if there's another inventory open next to it)
- The first 5 horizontal inventory slots are hotkeys, Use **1 - 5** to use them without opening the inventory, Press **9** to remove any item out of your hand. You can customise the 1-5 keys in keys.ini

# CAR SYSTEM

Everything you need to know about car maintenance

## FEATURES

The Car System is multiple parts, its vehicle and fuel persistence, it has built in car maintenance, car trunk storage and a built in car controller for toggling car functions. You can have punctures, blowouts and you also need to keep your vehicles oil topped up to avoid breaking down.

## HOW TO USE

- To Persist a vehicle and its fuel you need to insure it, this can be done via the Vehicle Insurance contact in your phone.
- To change a tire, you need a **Tire**, **Car Jack**, and **Wheel Wrench**. Place the jack by the wheel and follow the prompts to lift the car. Take a tire from your inventory, walk to the burst wheel, and replace it. Remove the jack afterward using the on-screen prompts. All items are available at You Tool.
- To fill up oil, you need an Oil Can with durability left. Equip it, open your vehicle's hood, and stand at the front to get the prompt to add oil. Oil Cans can be bought or refilled at mechanic shops.
- To refuel with a jerry can, you need one with durability left. Equip it and stand beside your vehicle to get the prompt to add fuel. Jerry cans can be bought at shops and refilled at gas pumps.
- To access the car controller, While inside your vehicle **N** on keyboard or **Hold LB/L1** on console and press **Dpad UP**
- To access car trunk storage the vehicle needs to be persisted and your last sat in vehicle, then you can walk up to the trunk and you will be prompted how to access it.

# SURVIVAL SYSYEM

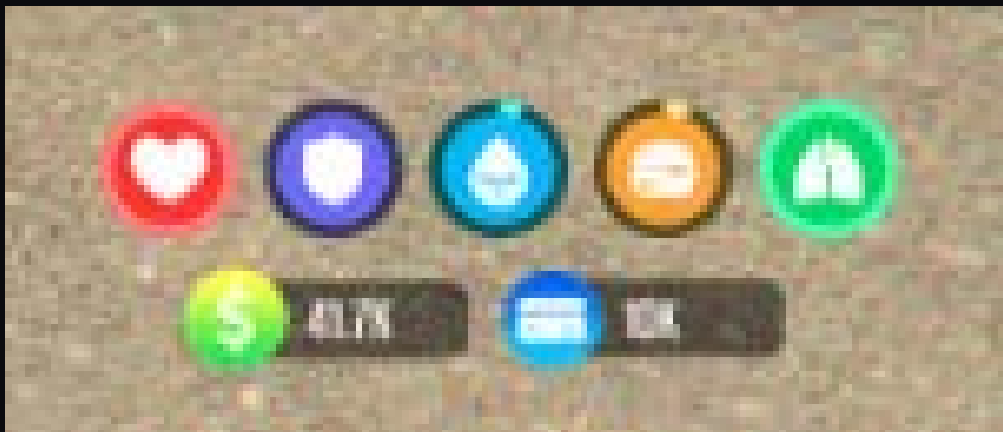

Everything you need to know about the survival system

## FEATURES

The survival system adds hunger and hydration management to enhance roleplay. You can buy food/drinks and health items from shops and food stands around the map. Ignoring your needs can lead to dehydration and passing out.

## HOW TO USE

- Buy items from shops/stands and when there in your inventory you can click on them with **ENTER** on keyboard / **A/X** on Controller to use the item.
- While you are low health your player will perform an injured move animation, getting health back up will stop the injury animations

HEALTH ARMOR HYDRATION HUNGER STAMINA

CASH BALANCE BANK BALANCE

- You can change how fast your hydration and hunger drains in the PSRP settings menu by ringing the JMC contact or pressing **F11**.

# BANKING SYSTEM

Everything you need to know about the banking system

## FEATURES

The banking system allows Protagonist and MP Ped to use Fleece banks to deposit and withdraw money, They both have their own bank account and the MP Ped has a custom coded cash balance, Certain jobs included in PSRP will pay to either the bank or your wallet. You gain interest weekly on money in your account.

## HOW TO USE

- There are 3 ways to access your bank account, You can ring the Banking Contact near the bottom of your contact list, You can go up to ATM's or you can enter a fleece bank on the map, The fleece banks are marked with a blip.
- To withdraw/deposit money you simply click on the option you wish to do, a box will then pop up where you can enter the amount then press enter, if you have that amount the transaction will go through if not it will be declined.
- Due to how Rockstar coded the MP Ped to work in single player, Using other mods created missions will not pay the MP Ped on completion, This is due to a Rockstar restriction and nothing us coders can do to fix it.

# PDM DEALERSHIP

Everything you need to know about the PDM dealership

## FEATURES

Own and operate your very own car dealership. Purchase the business, manage your stock, and actively promote vehicles to attract customers. The mod automatically detects all your custom and addon cars and adds them to your dealership inventory, making them available for purchase. Their prices are auto set via category as there is no way of me knowing what addons everyone will use.

## INFORMATION

- To buy vanilla or addon vehicles you need to walk into the blue circle on the floor in the showroom. Once purchased, the vehicle will spawn outside in the front carpark ready to be driven away.
- To buy PDM business you need to go into the office and you will see a blue circle and a prompt of how to buy it, it requires money in your bank account to purchase it. Once purchased, the same circle will provide your business management options.
- Stocked cars will automatically sell over time, your manager will take a cut of each sale and the rest will be put in the safe. Increasing your PDM reputation via promoting missions will decrease the time between sales.
- To take out your money from the PDM safe you need to go up to the safe in the office and follow the prompts.

# DEALING SYSTEM

Everything you need to know about the dealing system

## FEATURES

Players can sell drugs such as cocaine, MDMA, weed, and lean, with a reputation system that unlocks the ability to move larger amounts as your rep increases. You can purchase a stash house, manage your operations and become the king dealer on Los Santos.

## INFORMATION

- You can buy weed by ringing the ghost contact on your phone or at smoke on the water (ghost is cheaper as he's illegal)
- You can buy drug bags and scales at smoke on the water, these are needed to bag coke and weed to sell.
- To bag the coke/weed you need to Click on the **bag** in your inventory with **C on keyboard / Right Thumbstick on controller** to select it, then press **C on keyboard / Right Thumbstick on controller** while hovering over the **weed** or **coke**, this will craft them together (Bag it)
- To purchase the stash house head to the blip on the map and go to the marker at the door and follow the prompts. this requires money in your bank account.
- Your reputation system has two parts: Area Rep and Total Rep. Total Rep is calculated by adding together all of your Area Rep. You increase your rep by performing activities related to dealing.
- While you're selling, rival dealers may be alerted to your activity. They can show up individually or in squads, with loadouts that grow stronger as your reputation increases. They'll open fire the moment they see you.

# POLICE SYSTEM

Everything you need to know about the police system

## FEATURES

Players can be pulled over for violations such as using a phone while driving, aiming a weapon, speeding, driving with broken or missing lights, failing to turn on headlights, causing a crash and more. The system issues traffic stops and fines for these offenses, enforcing consequences and enhancing the roleplay experience.”

## INFORMATION

- If you are caught doing a violation you will hear a police siren and the police will start to follow you, You have 2 options, You can pull over your vehicle and the police will instruct you what to do from there once there behind you, or you can run the risk of driving off which may or may not lead to a police chase.
- If you choose to pull over, you will be issued tickets which accompany a fine

# CAR GARAGES

Everything you need to know about the car garages

## FEATURES

Players can purchase unlimited garages at each location on the map, giving them virtually unlimited vehicle storage. Each garage can hold multiple vehicles, and all vehicles stored are fully saved, including modifications, fuel, tire condition, and customizations.

## INFORMATION

- To purchase a garage go up one of them (marked on map) and follow the prompts on screen. you will get to name the garage, the garage can then be loaded on foot or in vehicle by selecting the chosen garage name.
- To save a vehicle in a garage press the vehicle horn while inside with the vehicle and use the menu.
- To take out a vehicle in a garage press the vehicle horn while inside with the vehicle and use the menu.
- To enter another garage go outside and go to the enter menu again

# DRAG RACING

Everything you need to know about the drag racing

## FEATURES

Jump into exciting drag races where you can go head-to-head with NPCs or watch them race each other. Hop in your car, place your bets, and get ready to put that foot down!

## INFORMATION

- Drag racing takes place at Sandy Airfield, you need to ring the drag racing contact to Setup/Start and End the activity.
- Once the event is set up, a large marker will appear near the start line. Drive cars into the circle and use the prompt to add them and assign NPC drivers. You need at least five cars to begin, and while racers may leave, the system will always keep a minimum of five. You can also add more cars at any time during the event. When you're ready, call the drag racing contact again and choose Begin Racing to start the action.
- Racers are chosen at random, but the system also prioritizes those who have raced the least, ensuring everyone gets a fair turn. This means you won't have to wait too long before being selected to race yourself.
- If NPC cars aren't reaching the finish line, just drive up and down the drag strip once to fully load the end of the airfield. After that, NPCs won't get stuck at the render distance anymore.
- In the drag racing menu, when you call the contact, you can adjust the AI speed. Higher values make NPC racers faster, so feel free to tweak it until you get the performance and challenge level you want.

# HUNTING ACTIVITY

Everything you need to know about the hunting

## FEATURES

You can hunt most animals in the game and harvest valuable loot like pelts, feathers, tusks, antlers, and more. Pelts come in three quality levels, with perfect pelts awarded for clean, well-placed kills. Use the best weapons and aim carefully to maximize the value of your harvest.

## INFORMATION

- To acquire perfect pelts you need to kill the animal with either a sniper rifle or a knife.
- To harvest an animals loot you need a skinning knife ([purchasable at youtool](#)), You then need to go up to the dead corpse and your be prompted how to harvest its parts.
- To sell your loot you need to go to the Butchers on your map, He will pay more based on quality. He will only sell to you if you own a hunting license, purchasable at the ammunations with a firing range inside.

# BLACK MARKET

Everything you need to know about the black market

## FEATURES

A hidden marketplace where anything can be bought for the right price. Weapons, police scanners, rare loot, if it's illegal, dangerous, or stolen, you'll find it here.

## INFORMATION

- You can call the black market via the contact on your phone, He can spawn at multiple locations but will always spawn at the closest one to you.
- Black market weapons come at a cheaper price.
- The black market will auto go away when you leave them after purchasing, you don't ring and cancel them.
