

IMPROVED PARK RANGER SUV

This mod modifies the default Park Ranger SUV by including new wheels, improved emergency lighting, wobbling antennas and a few equipment inside its interior. The livery has been changed to replace the original Los Santos County seal with the Park Ranger seal from the Los Santos Summer update.

There are also three new spawn points for the vehicle: Raton Canyon Park Ranger office, Senora National Park and Paleto Bay cable station. There is an option for anyone who prefers the original emergency siren sounds for the vehicle. The SirenSetting ID used in this mod are **926** in Legacy and **176** in Enhanced.

INSTRUCTIONS:

- Make sure the most recent versions of all requirements are installed before starting the setup process. For example, if you are not using a modified *gameconfig.xml* your game will not be able to handle add-on vehicles properly and it will crash during loading;
- Choose the correspondent mod version to (Legacy or Enhanced) to be installed, open the OIV Installer folder and run the “improvedpranger” OIV or simply drag and drop the file into the Package Installer and assign the correct directories for the setup. Do not enable “Skip backup” to be able to uninstall the mod at a later time if necessary. Press “Install” to automatically add the new files and register the *.meta* changes to the base game files. Wait until the process is done.
- After following these steps, launch the game and enjoy!

ALTERNATIVE MANUAL INSTRUCTIONS:

Follow these instructions only if the automatic OIV installation procedures do not work as intended:

- Run OpenIV (Legacy only) or CodeWalker to proceed with the manual steps. Choose the correspondent mod version (Legacy or Enhanced) to be installed, drag the “sp_pranger” folder located in Manual Installation to update/x64/dlcpacks/ and add the following line to *dlclist.xml* located in update.rpf/common/data then save the file:

```
<Item>dlcpacks:/sp_pranger/</Item>
```

- Go to update.rpf/common/data/levels/gta5/vehicles.meta directory and edit the *vehicles.meta* file, replace these respective entries with the following lines below within the “pranger” entry and then save it:

```
<firstPersonDrivebyData>
  <Item>VAN_PONY_FRONT_LEFT_LOOKAROUND</Item>
  <Item>VAN_PONY_FRONT_RIGHT</Item>
  <Item>VAN_RIOT_FRONT_LEFT</Item>
  <Item>VAN_BOXVILLE_FRONT_RIGHT</Item>
</firstPersonDrivebyData>
```

ADDITIONAL INSTRUCTIONS:

To make the Park Ranger SUV have the vanilla siren sounds, it is necessary to have the vehicle audio data file manually replaced with an alternative version included in the installation files:

- **Replace the *pranger_game.dat151.rel* file located in x64/dlcpacks/sp_pranger/dlc.rpf/x64/audio/config/ with the one from Optional/Original Emergency Siren Sounds.**

CHANGELOG:

- 1.0** – Initial release.
- 1.1** – Fixed the left fender on L2
- 1.2** – Completely remade the vehicle using partial mapping, changed the lighting system and equipment, integrated the car generators into the mod, removed the tow hitch due to an issue with the trailer's front wheel clipping into the ground and the rear divider and equipment for compatibility with the Civil Border Patrol missions
- 1.3** – Changed the installation method using the OpenIV Package Installer
- 1.4** – Added Enhanced version
