Extra_8 - lifepak monitor

Extra_9 - longback board aka spineboard

Extra_ten - stretcher on the ground

Extra_11 - bodybag with body

Extra_13 - empty

Frequently Asked Questions.

The Left Rear Door Closes when I exit the vehicle?

This is due to the vehicle layout and is also the reason why you might exit or enter the back seats in a weird way.

This could be fix with custom vehicle layout but I don't know how to do that.

Save the vehicle in your trainer to operate doors and extras while you are outside the vehicle. As you exit the vehicle and walk to the back door you can use the trainer to open the saved vehicles doors.

Changing light colors?

light colors can be changed in the ytd, m4 use emerglights texture, you can change the amber to another color of your choosing.

Additional liveries

can support up to 7 liveries and seats up to 4,template included, you may publish the skins you create, just link to this download.

How to operate powerload system?

Using your vehicle trainer or vehicle menu, you can load and unload the stretcher, by open/close **bonnet/hood**, using the vehicle component menu to toggle on/off stretcher, patient, or equipment.

If you save this vehicle in your trainer or vehicle menu you can operate the doors and vehicle components while outside the vehicle.

Where can i get Support from ?

On discord at <https://discord.gg/bYfgJbZ>

Installation

(Fivem) download is ready for install just drag and drop ambo folder to your vehicles folder and add start ambo to your server.cfg, clear your server cache and restart. Spawn with ambo, will need trainer, or vehicle control menu with vehicle extra menu.

(single player install instructions)

this mod is compatible with fivem and SP

using open IV - edit mode

(replace) install in latest patchday

or mods\update\x64\dlcpacks\patchday8ng\dlc.rpf\x64\levels\gta5\vehicles.rpf

install as an add on use this MOD

<https://www.gta5-mods.com/vehicles/more-police-cars-t>

For non els you need to install the carcols I'm sorry no idea how to do this in single player
